Podersdorf am See

With its beautiful landscape and plenty of activities to offer, Lake Neusiedl is a popular destination for school sports weeks and school day trips. Our surfing and sailing school, located in Podersdorf am See, welcomes all students aged between 11 and 19 to join our watersports program.

THE SPOT

The Neusiedler See is Austria's most popular windsurfing and sailing area due to its favorable conditions with consistent winds and flat and shallow water. Sunny days and warm water are already expected in the spring. Podersdorf am See is situated along the longest reed-free section of the lake, providing a solid ground near the shore instead of mud. Therefore, our school is the perfect place to learn and practice watersports.

ABOUT US

Our Surfing and Sailing School was founded in 1964 and has been run as a family business ever since, now in its third generation. For almost six decades, we have been sharing our love for watersports with enthusiasts of all ages. We are licensed by the WSVO (Austrian Water Sports School Association) and the OeSV (Austrian Sailing Federation) and schools from all parts of Austria and neighboring countries rely on our experience in school sports organizing for more than three decades. Our certified surfing and sailing instructors with many years of teaching experience are happy to pass on their passion for water sports to all students.

BENEFITS OF OUR SCHOOL SPORTS PROGRAM

Learn a new sport: Away from the daily school routine and outside conventional gym settings, students can explore the world of watersports and learn exciting new sports, such as windsurfing, sailing, wingsurfing, kayaking, or stand-up paddling.

Exercise in the fresh air and connect with nature: Our school sports program emphasizes physical activity in the great outdoors. It encourages students to connect with nature and to become more active in their daily lives.

Strengthen the team spirit of the class: Our School Sport weeks and days are not just about individual achievement but also about creating stronger bonds within the class. Through collaborative sports and team-building exercises, students will learn the importance of cooperation, communication, and mutual support.

Practice German: International students can enhance language skills in a real-world context, making language learning both practical and enjoyable. However, we are also happy to teach our courses in English upon request.

ORGANISATION

Accommodation and Meals:

Just a short walk from our school, there are numerous accommodation options available. Upon request, we arrange suitable lodging and meals, ensuring a convenient and enjoyable stay for you and your students.

Transportation:

If you do not want to book a private shuttle for your class, you can easily get to Podersdorf am See by train and by bus. The proximity to Vienna and good connections to the public transport network make a quick and comfortable journey possible.

Renting bikes:

The plains of the World Heritage region of Lake Neusiedl are perfectly suited for unforgettable cycling tours. If you are planning to explore the region by bike with your students, besides the watersports program, there are plenty of stores offering bike rentals we can refer you to.

We are happy to assist you personally with the organization of your sports week. Feel free to send us an inquiry!

OUR COURSE OFFER

Our sports courses can be designed flexibly, ranging from a 1 to 5 day program, depending on your schedule and preferences. Each training unit lasts 45 minutes; training is usually carried out in double units. Sports equipment and wetsuits are included in all courses. Accompanying teachers may participate for free in the courses, subject to prior arrangements.

*Experience nature,
engage in physical activity,
breathe in fresh air,
discover new sports,
and enhance your classes'
team spirit.*
